### DETAILED ACTION

1. This action is responsive to amendment filed 11/16/07.
2. Claims 6-11 are allowed.

#### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance:

The prior art does not teach a method of operating image display apparatus, which method comprises combining electronically in a common pixel format a low resolution image component from a first source, and a high resolution image component from a second source which is different from the first source, in which the common pixel format is the pixel format of a high resolution image which forms the second source and from which the high resolution narrow field of view image component is obtained, whereby the high resolution narrow field of view image component is able to be positioned anywhere in a display obtained from the image display apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
